Whether you need auto, home, motorcycle, boat, Jet Ski, recreational vehicle, business, worker's compensation, life or health insurance; **Insurance Unlimited is your insurance agency of choice!**

Insurance Unlimited, LLC was founded by its Agency Principal Peter S. Krimstock, who understands the importance of having insurance protection. In fact, Peter's philosophy as an insurance agent is simple: treat your clients as if they were your own family members. It is of no surprise that this is Peter's mantra as he lost his father at the age of seven and witnessed firsthand how vital it is to have the right insurance policies in place. As a result of his parent's decision to purchase life insurance, Peter was fortunate enough to have a foundation set forth for him, his mother and his sisters. Upon earning a B.A. in Economics from the University of Massachusetts at Amherst, Peter opened Insurance Unlimited, LLC with the vision to protect other families the same way his family was protected.

Homeowners Insurance

Most Homeowners insurance policies combine these five main coverage's in to a single policy:

- Dwelling
- Medical Payments
- Personal Property
- Liability
- Loss of Use

You can also add supplemental coverage's to your homeowners policy such as:

- Valuable Articles/Floater policies (i.e. Jewelry)
- Flood
- Earthquake
- Umbrella (additional liability)
- Animal Liability
- Sinkhole
- Ordinance or Law
- Golf Cart

Renter's Insurance

Whether you're renting an apartment, condo, or a house, it is most likely that your landlord's insurance policy is not going to protect you from theft, fire, water damage, or hurricane. A renter's insurance policy not only protects your personal property like your plasma TV's, computers, furniture and personal items from a loss, It can also include liability coverage which will protect you if someone is accidentally injured in your home by a bite from your family pet or a slip on the wet kitchen floor. Accidents happen.

Flood Insurance

Home Owners Insurance policies do NOT cover flood. Flood insurance is a separate policy that provides protection for destruction and financial devastation caused by heavy and lengthy rain falls, storm surges, blocked storm drainage systems, snow melts, etc.

Although it may not seem like much, even a few inches of water can cause serious damage; resulting in thousands of dollars in repair and restoration costs. In certain circumstances flood insurance may be required on your home.

Life Insurance

A life insurance policy pays a stated amount to the beneficiaries of the policy in the event the named insured dies. It provides financial security to the people who are dependent on them. Others buy life insurance as a way to leave a cash gift to their spouse, children, grandchildren and charities at their death. Insurance Unlimited sells the following policies to satisfy every situation:

- Term Life
- Whole Life
- Universal Life
- Variable Life

Auto Insurance

Auto Insurance policies contain the following protections in the event of a loss:

- Liability
- Collision Coverage
- Comprehensive (other than collision)
- Personal Injury Protection (PIP) & Medical Payments
- Towing and Labor Coverage
- Rental Reimbursement Coverage
- Uninsured/Underinsured Motorist (UM/UIM) Coverage
- Classic/Antique/Kit cars
- Custom Parts

Umbrella Insurance

An umbrella policy is a cost effective way to add an extra layer of protection in the event of a large loss. It also covers other forms of liability that are not ordinarily covered such as libel and slander as well as false arrest.

It is added protection which may keep you from having to relinquish your home, stocks, retirement, college funds or any other significant assets in the event your homeowner's, auto or boat insurance policy pays out its limits. A million dollar umbrella policy is affordable. This insurance is not only for the wealthy.
